

UNITED STATES PATENT AND TRADEMARK OFFICE
CERTIFICATE OF CORRECTION

PATENT NO. : 7,220,016 B2
APPLICATION NO. : 10/732883
DATED : May 22, 2007
INVENTOR(S) : John W. Matthews et al.

Page 1 of 1

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

In column 11, lines 13-31, cancel the text beginning with "12. A flashlight comprising:" and ending with "such that the second switch determines a brightness of the lamp." and insert the following claim:

--12. A flashlight comprising:
an elongated housing body defining an axis
a lamp within the housing;
a power storage element within the housing;
a first switch connected to the housing;
a second switch having a ring rotatable about the axis with respect to the housing;
the second switch including a movable portion that is movable with respect to the housing and that includes a magnet;
the second switch including a sensor portion in the housing;
an electronic controller in the housing;
the controller having a first switch input connected to the first switch;
the controller having a second switch input connected to the second switch sensor portion;
the controller being operable in response to actuation of the first switch to deliver power to the lamp;
the controller being operable in response to a signal received from the second switch to establish a degree of the delivered power, such that the second switch determines a brightness of the lamp.--

Signed and Sealed this

Sixth Day of November, 2007

A handwritten signature in black ink, appearing to read "Jon W. Dudas". The signature is stylized with a large, looping initial "J" and a distinct "D".
